*For JK Moving Customers*

---

**Simply Downsized** is a moving concierge service that helps you navigate your move with confidence. Our licensed, insured professionals are available and qualified to manage or assist with any aspect of your move:

**Disburse and sell your unneeded items.**

We'll determine your best options to transport belongings to loved ones, sell items at auction, or stage an estate sale. We conduct an onsite evaluation of sellable items that may be sold to private buyers or at auction. We'll prepare a list and make a written recommendation for the most beneficial method of sale.

**Find a skilled and trustworthy Realtor to sell your property.**

We'll do the research and legwork to identify up to three qualified and knowledgeable Realtors in your area, and pre-negotiate terms on your behalf. Then, we'll collaborate with you and your listing agent to address the to-do's required to put your home on the market.

**Take charge of your moving day chores.**

Let us handle all of the move-day logistics. We'll be on-site to meet the crew, supervise packing, oversee the loading, and direct items to storage or secondary locations. At the end of the day, we'll be the last ones out and will secure the property.

**Unpack your boxes and set up your new space.**

Enjoy a truly hands-free move; our team of professional organizers will unpack and organize your belongings, furnishings, and decorations. Step into a completely finished and serene space with your bed made for a restful first night.

**Clear out and clean up your entire home.**

Take what you want and leave the rest. All professional scheduling, coordination, services, gratuities, and onsite supervision are included. We donate and recycle as much as we possibly can, and deliver the entire property empty and professionally cleaned, including attics, basements, sheds, and garages.
